Where Will I Live?

- _____ 1. This passage will be about
- animals going to zoos.
 - animals losing their homes.
 - people losing their homes.
 - new homes for people near animals.

April 22 [2007] is Earth Day. That day reminds everyone to take care of Earth, our home. Many of Earth's animals are in danger of losing their homes. The pika (PEE-kah) is an animal whose **habitat** is in danger. A habitat is a place in nature where an animal or a plant lives.

Animal Habitats in Danger

U.S. Fish and Wildlife Service

A polar bear and her cubs.

Earth's temperature is rising, and people are using land where animals live.

- _____ 2. The author will
- describe what animals are affected by the Earth's temperature rising.
 - list the animals affected by people using land where animals live.
 - tell the readers what they can do to help.
 - all of the above.

Pikas are related to rabbits. Some kinds of pikas live on the rocky slopes of mountains. These animals prefer cool weather. As Earth heats up, they must move to cooler places higher in the mountains.

Scarlet macaws make their nests in the holes of rain forest trees. People are cutting down those trees and using the land for farms. Macaws are running out of trees in which to make their nests.

Polar bears live in the Arctic. They live on large pieces of sea ice. As Earth's temperature rises, the large pieces of sea ice begin to melt. If the ice keeps melting, polar bears will have nowhere to live.

Tigers live in the grasslands of Asia. Their habitat is shrinking because people are building towns in places that used to belong to the tigers. Now these big cats have fewer grassland areas to call home.

photos.com

Tigers are among the animals losing places to live.

You Can Help Earth

Scientists say Earth is getting warmer because of pollution in the air. They are working to protect animal habitats.

Here's what you can do!

Take short showers to save water and energy.

Dispose of trash properly. Recycle plastic, glass, paper, and metal.

Turn off electrical appliances when you are not using them.

- _____ 3. If the reader does the things that the author suggests,
- the reader will waste time picking up trash.
 - the reader will have dirty hands.
 - the reader will help these animals keep their homes.

d. the reader will not really help the Earth.

- _____ 4. Which animals are affected by the rising temperature on Earth?
- a. pikas and scarlet macaws.
 - b. polar bears and the tigers.
 - c. tigers and the scarlet macaws.
 - d. polar bears and the pikas.

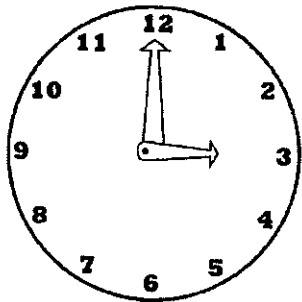

- _____ 5. If one group of animals loses its habitat, does this affect the Earth?
Why or why not?

Work with Time and Money

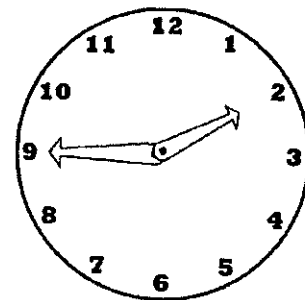

2.MD.1

Write the digital time.

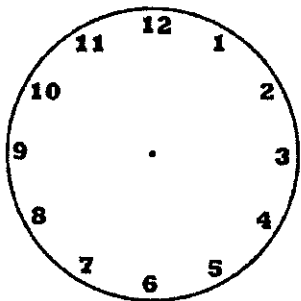

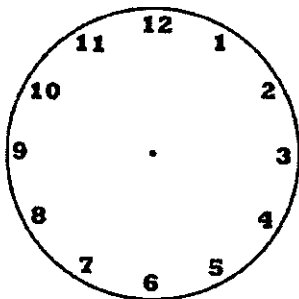

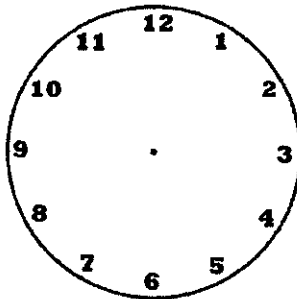

Draw the analog time.

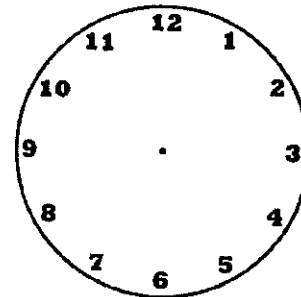

4:25pm

10:25am

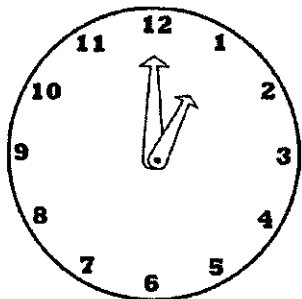

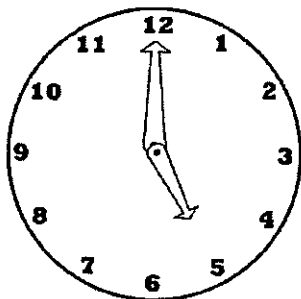

8:40am

11:15pm

Write the time using number words.

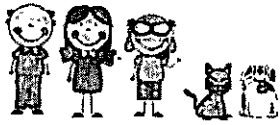

2:00am

1:30pm

11:55pm

Ma's Creations

Creator: _____ Day: _____ Date: _____

#6 Ma is so talented! Today Ma is visiting the beautiful sandy beach in Hawaii!

Ma & Poppy are in Hawaii! Everyone is scuba diving! Ma sees 37 colorful corals, Buster sees 96 sea snakes, Poppy sees 16 seahorses, and Grandma sees 88 sea turtles. How many coral reef sights were seen altogether? _____ Show your work.

Is this number even or odd? _____ Round this # to the nearest hundred: _____

Ma is catching crabs for dinner! If Ma caught 7,256 crabs, and she cooks 4,767 of them for Poppy & Grandma, how many crabs are left over for Buster & Furball's dinner? Show your work.

Grandma's wrestling sharks. She wrestles 8 sharks today. After a good wrestle, Grandma knocked out 3 teeth from each shark. How many sharks' teeth were knocked out in all?

Ma's sharing bottles of sunscreen with friends at the beach! She shares 20 bottles of sunscreen with 4 friends. How many bottles of sunscreen did each friend get?

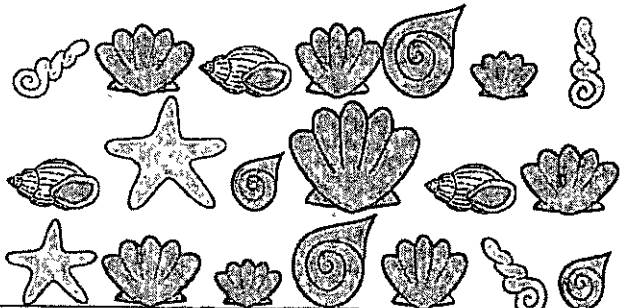

Oh dear! Help Ma, stay on time! Ma started surfing at eleven, and she finished 3 hours later. What time did Ma stop catchin' waves? _____

Buster & Furball have shark catching at 9:25. It will last 40 minutes. What time will they be done? _____

Ma found these seashells. She wants to fill 10 vases with these beautiful seashells. How many shells can fit in each vase? _____ How many are left over? _____

Verification Sheet

Return completed Verification Sheet to your teacher when you return to school.

Library Activity

	Maximum Time	Actual Time Spent	Parent Signature	Teacher Verification
Grade 2: Website activity: * Log onto http://www.bbc.co.uk/guides/z3c6tr and complete next stage. * Read library book Paper/pencil activity: * Complete question/answer page #1 using the paper keyboard. * Read library book.	20-25 min.			
Grade 1: Website activity: * Log onto http://www.abcy.com/first_grade_computers.htm and look under LETTERS for the KEYBOARD ZOO activity. Or, look under MORE for Cup Stacking Typing Game or TYPE ROCKET activities. May choose any of these keyboarding activities. Paper/pencil activity: * Complete question/answer page #1 using the paper keyboard. * Read library book.	15-20 min.			
Kindergarten: Website activity: * Log onto http://www.abcy.com/ and select Grade K-1 activities. Or log onto http://www.starfall.com/index.htm and select any of the 4 reading activities. Practice navigating around the website using a mouse. * Read/look thru library book. Paper/pencil activity: * Complete question/answer page #1 using the paper keyboard. * Read library book	15-20 min.			

KEYBOARDING Grades 2-3

NAME _____ DATE _____

1.) FILL IN ALL THE MISSING KEYS ON THE PAPER KEYBOARD. You may use it to help you answer the following questions. HINT: Place your fingers on home row on the paper keyboard to find the answers.

2.) List the letters your fingers rest on in Home Row:

Left: _____ Right: _____

3.) What finger do you strike the L key with?

a.) right pointer b.) left middle c.) right ring d.) left pinkie

4.) List all the letter keys you strike with your left pinkie: _____

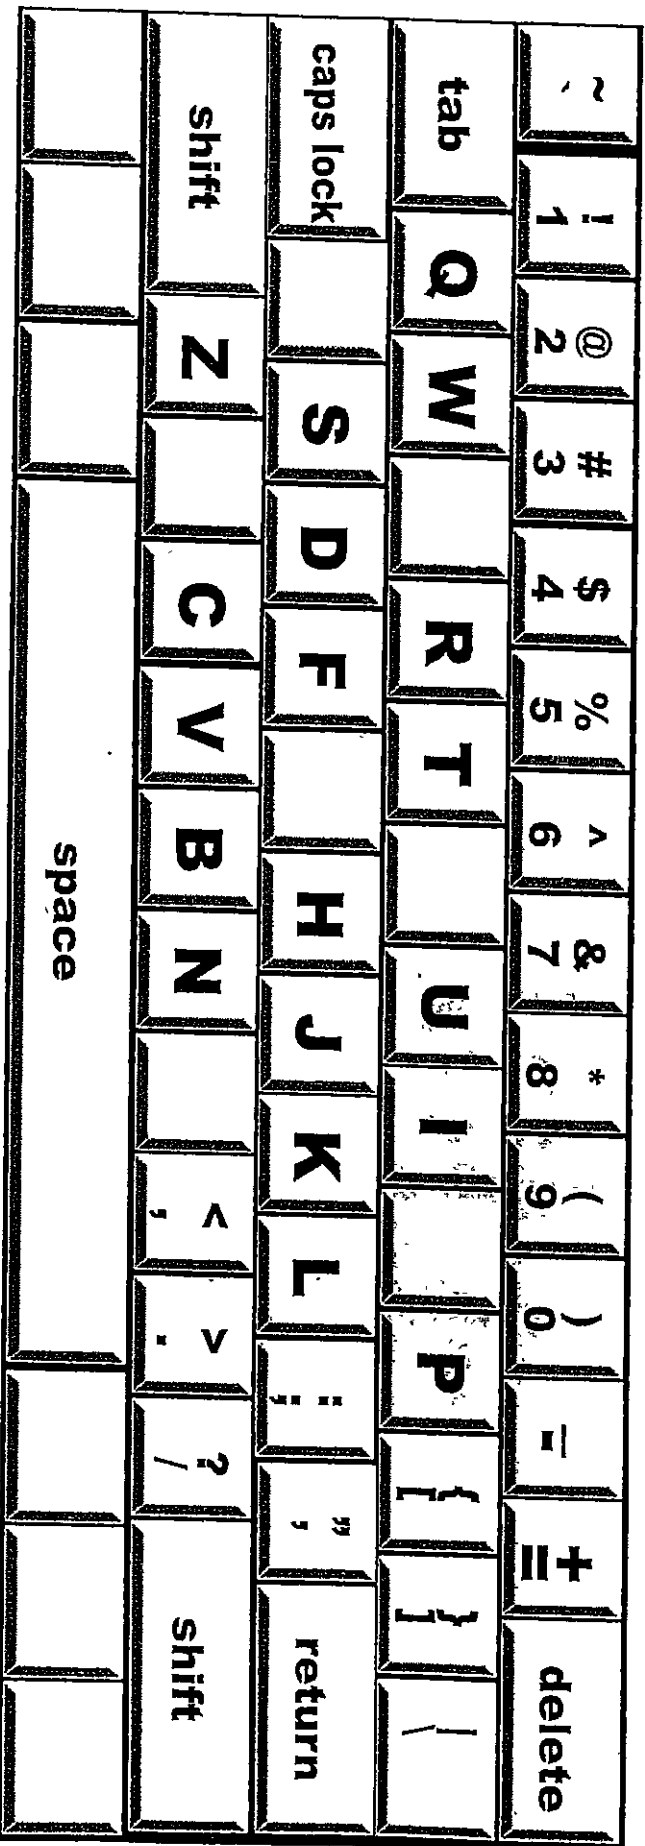

5.) You only use your _____ to strike the space bar.

6.) Do you strike the letter N with your [RIGHT or LEFT] pointer finger.
(circle one)

7.) Color all the letters you strike with your right pointer finger red.

LEFT

RIGHT

NAME _____

(Use with Grades 2-5)
