Smile! Show Off Those Pearly Whites

photos.com

Gnawing on wood helps keep a beaver's teeth trimmed.

Like people, animals have different teeth with special jobs. Some animals have sharp teeth, some have curved teeth, and some have round teeth. Open wide, and look inside to learn about different ways teeth are helpful.

My, What Important Teeth You Have!

Teeth are important for many reasons. They help animals chew food. Many animals need their teeth for survival.

A **hippopotamus** has 42 to 44 teeth. It likes to eat plants. A hippo has round, flat back teeth to grind its food. When a hippo is angry, it opens its mouth and shows its big teeth.

A **beaver** has about 20 teeth. It uses its four strong, curved front teeth for gnawing trees and wood. It uses its back teeth for chewing food. A beaver's front teeth never stop growing. Gnawing on wood helps keep its teeth trimmed.

Some **sharks** have nearly 5,000 razor-sharp teeth. They lose thousands of teeth during their lifetime and grow new sets of teeth every two weeks.

A **lion** has 30 teeth, which are not made for chewing. It has four large, pointed teeth that are used to capture and hold its food. Once the lion catches its food, it tears the meat and swallows it whole.

Reading Passage

Some **sharks** have nearly 5,000 razor-sharp teeth. They lose thousands of teeth during their lifetime and grow new sets of teeth every two weeks.

Teeth Tasks

Jeff Shake

You will have 32 teeth by the time you are an adult. There are four different types of teeth. Each has a special job.

Brushing twice a day and flossing regularly will help keep your teeth healthy. It is also important to visit a dentist twice a year. A dentist is a doctor who cares for teeth.

Ma's Creations

Creator: _____ Day: _____ Date: _____

#18 Ma is so talented! Today Ma is visiting the beautiful sandy beach in Hawaii!

Ma & Poppy are in Hawaii! Everyone is scuba diving! Ma sees 48 colorful corals, Buster sees 25 sea snakes, Poppy sees 62 seahorses, and Grandma sees 77 sea turtles. How many coral reef sights were seen altogether? _____ Show your work.

Is this number even or odd? _____ Round this # to the nearest hundred: _____

Ma is catching crabs for dinner! If Ma caught 8,524 crabs, and she cooks 1,299 of them for Poppy & Grandma, how many crabs are left over for Buster & Furballs dinner? Show your work.

Grandma's wrestling sharks. She wrestles 5 sharks today. After a good wrestle, Grandma knocked out 5 teeth from each shark. How many sharks' teeth were knocked out in all?

Ma's sharing bottles of sunscreen with friends at the beach! She shares 8 bottles of sunscreen with 4 friends. How many bottles of sunscreen did each friend get?

Oh dear! Help Ma, stay on time!
Ma started surfing at noon, and she finished 12 hours later. What time did Ma stop catchin' waves? _____
Buster has a volcano to visit at 2:20. It will last 2 hours. What time will Buster be done? _____

Ma found these seashells. She wants to fill 9 vases with these beautiful seashells. How many shells can fit in each vase? _____ How many are left over? _____

Music Virtual Learning for Grades K, 1st and 2nd

For Music Day Choose Option 1 or Option 2 depending on whether you have internet or not.

For Free Day: Choose Option 1 or Option 2 again.

Option 1: (Internet) Dance to 2 Songs on the Wii “Just Dance”

Or do a Just Kids Dance on Youtube

Option 2: Sing Acapella (No music) with motions!

Song 1- If Your Happy and You Know it! (twice)

Song 2- 5 Little Ducks (twice)

Song 3- Old MacDonald (twice)
