

Day 4

Reading and Sight Word Work Activity (30 minutes total):

With help, assemble and read the attached emergent reader: "My Snowman." As you read, put a circle around the number in the sentence on each page. Circle the sight words: "my, has, is" with different colors. The word "my" should be the same color on each page, the word "has" should be the same color on each page, and the word "is" should get its own color too. When finished, read the story with/to your student twice. See if they can read it to you.

Go to <http://pbskids.org/superwhy/#/game/princessprestoconcentration> and play the memory game. Students are matching the letter and sound to a picture that starts with that same letter and sound.

Math Work (30 minutes total):

Do the attached worksheet.

Use beans, pieces of popcorn, or cereal to place on the number line as you count to 20. Take them off one at a time as you count to 20 again.

Use objects around the house to create patterns: AB, ABC, AABB, AAB, and ABB (like red blue, red blue (AB), or red blue yellow, red blue, yellow (ABC), or red red blue blue (AABB) as examples). This could be by size, color, or shape for example.

Writing Activities (30 minutes total):

Write your numbers 1 - 10 on the back of your dot-to-dot sheet from the Math activities.

With help, write 5 sight words you can read. See attached list. Verbally put them into 5 different sentences.
